

 **STANDARD WARRANTY STATEMENT**

All proposals, quotations and purchase orders for the sale of States Manufacturing Corporation (“Seller”) products, or for the rendering of services by Seller, are subject to the following warranty.

States Manufacturing Corporation (the “Company”) warrants that the products of its manufacture bearing its name-plate or trademark shall be free from defects in workmanship or material under normal use or service. This warranty is expressly in lieu of other warranties, except of title, express or implied, by the Company or its representatives.

The Company’s liability under this warranty is strictly limited to replacing without charge or repairing upon return to the factory, transportation charges prepaid, any part or parts which shall be found to have defective workmanship or material or shall otherwise fail to meet specifications. Under no circumstances shall the Company be liable for special, incidental or consequential damages. The Company’s liability under these conditions shall be valid for standard term length of Twelve (12) months from the date of installation and or energization of equipment, or Eighteen (18) months from the date of shipment of equipment.

For components supplied in equipment manufactured by the Company by vendors having warranties that exceed the Company’s warranty, it shall be the customer’s responsibility to facilitate returns, exchanges, or repairs with the vendor directly. The Company assumes no liability for warranties exceeding the one (1) year warranty provided.

Customers may inquire with States Manufacturing with regards to extended warranties available on products, goods, or services rendered.
